FARMER'S SON HAS GAINED 19 POUNDS

"I Never Heard of Anything To Equal Tanlac," Says Browder Davis.

Browder Davis, eldest son of R. Davis, a well known and prosperous Houston County farmer, living on R. F. D. No. 6, near Dothan, Ala., talks very earnestly about Tanlac, and says he wants everybody to know what the medicine has done for him.

"Tanlac has certainly fixed me up in great shape," he said a few days ago. "I have actually gained nineteen pounds on three bottles, and now I feel just fine."

"My appetite went square back on me six months ago and my stomach got all out of fix. I got so I couldn't eat much of anything and what I did eat hurt me. Whenever I would eat, gas would form on my stomach and get up into my chest and around my heart and almost stop my breath at times. I had some kind of trouble with my head; I guess it was catarrh, and my nose would get stopped up so tight I couldn't breathe through it, and it worried me all night every night. I kept dropping down in weight until it looked like I was going to shrink to almost nothing. I tell you, my troubles had me just about knocked out and I reckon they would have soon finished the job if it hadn't been for the good work Tanlac did me."

"I never heard of anything to equal Tanlac. None of the other medicines I took did me any good, but Tanlac helped me right from the start. I just weighed a hundred and one pounds when I started on Tanlac and I now weigh a hundred and twenty. Nineteen pounds is some gain to make in just a few weeks, but that's what I've gained, and I feel better than I have in months. My head quit troubling me and my nose got unstopped after I took just a little Tanlac, and I had relief in my stomach before I finished half of the first bottle. Since Tanlac got me over the indigestion, I haven't had any more shortness of breath, and I now sleep like a log every night."

Tanlac is sold in Dickson exclusively by Matthews Drug Co. and in Burns (R. F. D.) by H. L. Lamplsey—adv.

REST ASSURED

that our bread is equal to the best that mother ever baked. In fact, mother couldn't bake as good, for she hadn't the same facilities as we have. Use our bread on your table and see how your family will enjoy it. Then you'll realize that when it comes to baking, mother never surpassed us.

IF YOU OWN AN AUTO

There are two ways of handling a car—the ECONOMICAL way, and the DESTRUCTIVE way. Compare the two:

ECONOMICAL—Bring it to us occasionally and let us examine it, adjust it, and make slight repairs the moment they are needed. Keeps it in good shape and running smoothly.

DESTRUCTIVE—Just keep on "putting it off," regardless of its wheezings and groaning, until the final break comes and you have a big repair bill and a weakened car.

WE RECOMMEND the ECONOMICAL way. It is the safest and by far the most inexpensive way.

We have two experienced machinists and good helper and are better prepared to do your work than ever before.
